# GRANT MACPHERSON

# GRANT MACPHERSON

REGIONAL SALES MANAGER

“

My role goes beyond selling.  
I deliver solutions to support the  
customer and their business.

”

Grant Macpherson is the Regional Sales Manager for SOLOS Glass, expertly servicing the greater Victoria and ACT areas. Grant makes it his mission to provide and support his customers with excellent customer service and technical knowledge.

Getting his start with Pilkington Glass, Grant has worked in the industry for over 25 years. Grant operates in both the commercial and residential sectors and has been involved in a number of high profile projects. Grant details his most memorable projects as the Art Centre & MCG redevelopment, citing their ground breaking design both challenging and rewarding to work on.

Grant has been a highly valued team member of SOLOS Glass since 2015. He continues to work on strategic sales and forming strong and enduring customer relationships. He teams his wealth of technical knowledge with proven problem-solving ability by involving himself in the intricacies of project design, production and delivery.

Grant's friendly and relatable approach stems from his country roots and down-to-earth nature. Weekends consist of barracking front and centre, supporting his two children in their varied extra-curricular activities. Grant thoroughly supports raising his children into an active sports lifestyle, developing their community presence and chasing their passions.
